

**PEACE INSTITUTE OF THE ROCKIES**  
*WORKING ON THE FRONT END OF PEACE*

*Building the Social Institutions that will allow for non-violent change to occur.*

Einstein reminds us that,

*“Problems cannot be solved at the same level  
Of thinking which created them.”*

Working on the Front-End of Peace means working  
Not just on conflict, but on conflict *prevention*.  
Not just on prevention, but on *changing the way we think about conflict*,

The methods of the Peace Institute of the Rockies have been received at The Hague, the  
U.S. State Department and been nominated for the Breakthrough award.

Now ABWA is bringing these methods  
to you and your business.

Conflict Dynamics,  
Compromise vs. Collaboration  
What is Narrative Buildup?  
And How do I Deconstruct it?  
And How do we Implement what we will Learn - for longer than 2 weeks?!  
And Can I learn enough to move toward PREVENTION?
